

Your Dreams, Our Challenge

REACH SVHC Certification

ECHA Final Candidate List as of July 8th, 2021

To whom it may concern

The products supplied by AGC Multi Material are defined under the European Union's REACH (Registration, Evaluation, Authorization and Restriction of Chemicals) regulation as articles.

None of the components of AGC products are intentionally released during the use of our products when used as intended and in accordance with recommended specifications and parameters.

AGC products shall comply with the following.

- Annex XVII to REACH (EC) No 1907/2006 – Annex XVII
(compliance with defined restrictions for listed substances is required)
- Annex XIV to REACH (EC) No 1907/2006 – Annex XIV
(declaration of no use of substances subject to authorization is required)

There is one exception to this statement:

- N7000-1 and N7000-2V0 prepreg contains > 0.3% and <1% of 1-methyl-2-pyrrolidone (NMP), CAS 872-50-4.

The listed solvent is bound in the resin matrix and under normal handling, exposure to these solvents will be negligible.

AGC Multi Material continues to work with its suppliers to ensure that materials AGC employs to manufacture its products will continue to allow us to meet the responsibilities of good environmental and safety stewardship outlined by the EHCA legislation.

The information is provided at the request of our customers. Accordingly, AGC Multi Material assumes no liability for its use.

Sincerely

Vice President & Sr. Technologist
